What is CPO?

The National Swimming Pool Foundation (NSPF) offers this extensive two-day training program. Upon successful completion you will receive certification and registration as a Pool/Spa Operator valid for five years. The CPO is recognized world wide as the leading training and standard of the swimming pool industry. The CPO seal of approval is assurance to commercial and public pool and spa owners that their facilities and guests are under the care and supervision of a trained professional. Participants are trained in the most advanced techniques of chemical treatment, filtration and mechanical system operation and maintenance. The curriculum is academic based. University educators with no bias of commercial pool manufacturers or suppliers sponsor these courses.

Who should attend?

Pool Managers, facility managers, amusement managers, club managers, hospitality engineering and housekeeping staff, recreation facility managers and public health department sanitarians have all benefited from this course. If you are planning to build or renovate a pool, you will also find this course helpful.

Who is teaching the course?

Tim Auerhahn is a four time recipient of the Distinguished Instructor Award by the World Aquatic Health Conference. Since 2015, he has certified more operators worldwide than any other instructor. Tim has served in various operations, education, risk-management and leadership capacities with nationally recognized brands, athletic facilities and universities. Tim's seminars are among the highest rated in the industry.
